

MConnect

MConnect is an exclusive, invite-only event for Senior IT Professionals (VPs/-Directors/Managers) leading a team, to connect, network, learn and share their knowledge on latest technologies in Data, Artificial Intelligence & Advanced Analytics. Each MConnect event will be based on a particular theme. You are invited to join us in this initiative, get up-to-date with industry trends and participate in open discussions.

THEME
**ARTIFICIAL
INTELLIGENCE**

9:30 AM	REGISTRATION
9:45 AM	OPENING & INTRODUCTIONS
10:00 AM	OPEN DISCUSSION ON AI ETHICS LED BY DEEPTHI ANANTHARAM (MICROSOFT)
<p><i>AI & Machines that can replicate certain types of human capabilities has been around for centuries. In recent times, it evolved from science fiction to business reality. Today with massive amount of data, computing power and improved AI algorithms has made AI a reality. Global companies are now adopting AI for various use cases. At the same time we are hearing news about risks of AI. This means that if we intended to unlock the potential of AI to transform organizations, we need to spot risks that we are likely to encounter and how to deal with them. Let's discuss this together.</i></p>	
11:00 AM	DPS 2019 - EMPOWERING DATA & AI TRANSFORMATION
11:15 AM	REFRESHMENTS
11:45 AM	OPEN DISCUSSION ON APPLIED AI LED BY PRAVEEN SRIVATSA (INDUSTRY EXPERT)
<p><i>Everyone is talking about AI, but not many teams really know where and how to use AI in real world scenarios. Welcome to the Applied AI discussion. Here we will share stories of how AI is being used in the real world. We will talk about how a robotic medical device uses AI to improve patient rehabilitation, how AI is being used in schools to help kids learn better, how we can use AI with DevOps to make software deliver better and how AI can make recruitment better. But we will also talk about scenarios where AI is not necessarily the best technology to use and how we can end up making AI biased. Join us in this open discussion, where we talk about using AI to solve common issues around us. Bring your scenarios and engage with the experts on how to build better solutions by using AI in the right way.</i></p>	
12:45 PM	GROUP PHOTOGRAPH
1:00 PM	NETWORKING LUNCH
